NEWS RELEASE

**ELECTROCUBE HAS ACQUIRED
F-DYNE ELECTRONICS CORPORATION
AND SOUTHERN ELECTRONICS**

MONROVIA, Calif.....**Electrocube, Inc.**, a leading U.S. manufacturer of precision capacitors and other passive components, has acquired F-Dyne Electronics Corporation and its subsidiary, Southern Electronics, as of January 8, 2007. F-Dyne and Southern have been supplying capacitors and passive components to the industry since 1973 and have earned a reputation for providing quality products. Mr. John Strickland, President of F-Dyne Electronics, will continue in a supporting role for the acquired companies.

For over 45 years, **Electrocube, Inc.** has designed and manufactured AC and DC film capacitors, RC networks, IGBT snubbers, EMI, RFI and EMC filters, aluminum foil transformers and other custom design components.

The acquisition of F-Dyne and Southern will enable **Electrocube** to expand their product capabilities as a supplier of an extensive range of capacitor products and custom engineering services for the electronic, medical, industrial, military and aviation marketplaces. **Electrocube** is ISO 9001:2000/AS 9100:2004 Rev. B Registered.

For additional information on **Electrocube** and their acquisitions, please visit their website at www.electrocube.com or contact: Ms. Gloria Snyder, Sales and Marketing Manager, **Electrocube, Inc.**, 1307 S. Myrtle Avenue, Monrovia, California 91016, TEL: (800) 515-1112; FAX: (626) 357-8099; e-mail: esales@electrocube.com.
