

New year, tried-and-true principles...

Partnerships

At Electrocube, we build and maintain lasting partnerships for you with shared knowledge, a commitment to excellence and our quirky personalities – yes, we're engineering nerds and proud of it. You can link with us locally and globally. And, 2015 is no exception.

January kicks off trade show season.

You can find us coast to coast at four [trade shows](#) between now and May. First up, we'll rub elbows with the members of the National Association of Music Merchants [NAMM](#) for the second year. Planning to attend January 22-25 in Anaheim? Let us know if you'd like to [meet](#) at the event.

Electrocube Engineering Manager Tom is gearing up to test out instruments and share some personal tips on how to get the most out of guitar sound. Unable to attend NAMM? Not a problem. Get Tom's recommendations in his [Guitar Tones Technical Bulletin](#) and [hear the difference](#) his wisdom makes on his Gibson Les Paul.

Excellence

As 2014 came to a close, we're proud to report a 97% on-time delivery for all of your orders and a WOW-worthy 99% of orders without any returns (RMAs)... and we're ready for more!

Digital continues to require more power so analog products remain in demand – complete with [design partners](#) to meet existing and new requirements and specifications.

Look what you're a part of...

Valued partners: Our vast network of distributors share our passion for excellence! Distributors like [Galco Industrial Electronics, Inc.](#) For more than 30 years, they've shared our commitment to quality and excellence as an authorized distributor of 1M+ parts! Specializing in Industrial and Commercial Electrical and Electronic Control, Automation and Motion Products, Repair and Engineering Services, Galco's continued dedication exemplifies these tried-and-true principles to get the job done.

Coming soon: Look for our annual Parrills Picks – Clays forecast of what he sees ahead for

our industry.
